RELIGIOUS

A Resume of Events in Religious Circles For Present and Future

The Young Women's Classes of the Presbyterian church, of which Mrs. Tadlock and Mrs. Wilson are the teachers, have invited the Young Men's Class to supper at the church this (Tuesday) evening at 6:30 p. m. This supper is the penalty they are paying for losing the contest between the classes during January. They were hard workers in the contest. They were good losers at its close, they are good cooks, and the boys will find this out Tuesday night. Every man who attended the Young Men's Class once or more during the month of January is summoned to be at the Sunday School room of the Presbyterian church at 6:30 Tuesday evening for supper. A program of entertainment is being arranged. The Young Women's classes will all be present, and a social hour after supper will be enjoyed. Teacher Smylie urges all of the men to be present as a business meeting of the class will be sandwiched in somewhere during the festivities of the evening, at which the permanent officers of the class will be elected.

A series of revival services will start at the Paris Methodist church Sunday, February 12; Dr. C. C. Jarrell, of Augusta, Georgia, pastor of the St. John's M. E. Church, South, at that place will do the preaching. Dr. Jarrell is one of the South's most successful pastor-evangelists, and is an eloquent and convincing speaker.

Mr. C. P. Gossett, of Wilmore, Kentucky, will lead in singing during the revival. Mr. Gossett is one of the twenty-three approved singers of the M. E. Church, South, and is a successful evangelistic singer.

Services will be held each day at 9:45 a. m. and 7:30 p. m., and the public is extended a cordial invitation to attend all the meetings.

The main thing that sticks in the craw of the wets is the fact that they are so infernally dry.

BASKET BALL

The Lexington Leader's sporting writer has the following regarding a well-known Paris boy, who is making good as a basketballer:

"Chuck Rice, the Paris flash, who sprained his ankle two weeks ago, has fully recovered from his injury and is working daily with the varsity. Chuck, although carrying a little extra weight, will make some of the veterans hustle to hold their place. He is mighty strong on registering field goals and isn't particular from what angle he shoots them."

Friday night the Paris High School boys met the Maysville five, and made a clean victory by returning a score of 15 to 14. The game was fast from start to finish. Clark, Wright and Tucker starred for the Paris team, while Matthews scored honors for the Maysville boys. The girls' game was cancelled. The teams lined up as follows:

P H S
Wright (2) F..... Matthews
Larkin F..... Gault
Clark (1) C..... Crawford
Dalzell G..... Chenualt
Jones G..... Stephenson
Substitutes: Tucker (6), Clark; Clark, Dalzell; McCarthy, Larkin; Larkin; Larkin Knox (6), McCarthy; Clark, Chenualt.

The Paris High School Midget team met the Midget team of the Winchester High School, and won over them by the score of 12 to 5.

The Paris High School teams broke even in the double-header games played on the Y. M. C. A. floors Saturday night with the Lexington Senior High School teams. The boys' team was swamped by the Lexingtonians by the score of 49 to 10, while the girls' team snatched a victory from the Lexington girls by pulling out with a score in their favor of 16 to 8.

The boys' contest was much harder fought than the score would indicate, the majority of the goals made by the Lexington basketballers being of the sensational order. McFarland, guard, starred for the Lexington team, while the best work for the Paris boys was done by Tucker, Jones and Clark.

The passing game of the Paris girls was too much for the Fayette county girls, who were never on even terms with the local girls. Misses Rose and Baldwin led in the scoring for the Paris team, while the work of Capt. Wallingford as guard deserves special mention.

The teams lined up as follows: Paris Boys—Larkin and Rice, forwards; Tuecker, center; Clark and Jones, guards; Lexington Boys—McFarland and Milward, forwards; Underwood, center; Tracey and Bible, guards. Paris Girls—Rose and Hall, forwards; Baldwin, center; Wallingford and Duncan, guards.

The games were refereed by Coach Marshall Adams, of the Georgetown College.

COMMERCIAL CLUB DINNER

The February dinner given by the Paris Commercial Club, Thursday night, was in the nature of a farewell to Mr. Wm. Hacker, who resigned as Secretary of the organization to enter another field. Covers were laid for about sixty guests, who thoroughly enjoyed the evening's program. President M. Peale Collier presided as toastmaster.

During the dinner, which was prepared under the supervision of Mrs. Thos. Collier, music was rendered by the Y. M. C. A. Boys' Band. Mrs. Howard B. Carr sang solos, accompanied by Miss Lucile Chipley, at the piano, and Bryan Doty, violinist.

The principal address was delivered by Dr. Benjamin J. Bush, of Lexington, who took for his theme, "America's Future." Retiring Secretary Hacker, responding to an invitation from Toastmaster M. Peale Collier, gave an outline of what the Commercial Club should pursue during the year. Mr. Hacker spoke very feelingly of his past associations, and expressed his appreciation of the courteous treatment given him by the people of Paris, whom he hoped would "live long and prosper."

FIRST WAREHOUSE COMPANY FORMED

Subsidiary of Burley Co-operative Association Incorporates; Paris Man Vice-President

WILL HANDLE TOBACCO CROP

The first of the warehousing corporation, subsidiaries of the Burley Tobacco Growers' Co-operative Association, to be organized in the Burley district, was organized Friday at a meeting in the offices of the Burley Association on South Broadway, Lexington, John C. Noel, of Frankfort, being elected president; James M. Caldwell, of Paris, vice-president, and Reuben F. Offutt, of Georgetown, secretary-treasurer. The authorized capital is \$1,485,110, of which \$110 is common stock, which may be increased as the \$1,485,000 of preferred stock is retired, which must be one-fifth on June 30, 1923, and a similar amount each June 30 thereafter, until including 1927. Incorporation papers were filed at Lexington and with the Secretary of State at Frankfort.

The principal place of business is Lexington, and the greatest indebtedness the corporation may incur is placed at \$2,295,000. It is to be known as the Central District Warehousing Corporation and authorized to "carry on the trade or business of receiving and storing agricultural products and to construct the plants necessary to the handling of same as a public warehouseman under the laws of the State of Kentucky."

The corporation is also empowered to lease or purchase any property it may find necessary to its business, to issue warehouse receipts for property stored with it and to guarantee the same under State laws, to borrow money and to make advances to persons delivering agricultural products to such warehouses.

The directors signing the articles are B. E. Allen, of Lexington; Reuben F. Offutt, of Georgetown; Woods Walker, of Paint Lick; Robert S. Walker, of Versailles; John G. Noel, of Frankfort; J. H. Baughman, of Danville; R. J. Denny, of Nicholasville; W. A. Arbuckle, of Richmond; James M. Caldwell, of Paris; W. C. McDowell and J. Sherman Porter, of Lexington, the latter two temporary directors, who will retire soon to give place to two others chosen by the growers in certain sections of the district.

Assistant General Counsel Virgil Chapman presided at the meeting and read the articles of incorporation, which were unanimously approved. The formation of the subsidiary corporation and its acquirement of public warehouses, which will follow immediately, will qualify the Burley Tobacco Growers' Co-operative Association to do business with the War Finance Corporation on its warehouse receipts.

FEBRUARY COURT DAY

Despite the threatening weather there was a large crowd in the city yesterday, February "Court Day," but business did not receive much of a stimulus from the numbers. Merchants reported their trade as being about the average. Tobacco men were enthusiastic over the readjustment of their financial difficulties and were correspondingly received in a hopeful spirit by the business people of the city.

There was only a small amount of livestock on the market, mostly horses, which changed hands at fair prices. Merchants reported collections very good. It is freely predicted that it will not be long before the business life of Paris will be rejuvenated.

LEAGUE MAY BE REVIVED

Meeting of Base Ball Magnates Held In Paris Friday Night Starts Movement

EIGHT CLUB LEAGUE LIKELY

Prospects for revival of the Blue Grass Baseball League are daily becoming brighter and more encouraging. A six or eight club league, with many of the most prominent towns in the Blue Grass represented, may be realized, provided the "fans" of Central Kentucky manifest enough interest in the awakening of organized base ball, according to managers of the proposed new association.

An enthusiastic meeting of managers and base ball lovers of Central Kentucky was held in the County Court room in the court house, in this city Friday night, where plans for reorganization of the League were discussed. Representatives were present from Paris, Lexington, Richmond, Cynthiana, and other places. Under the provisions of the measure discussed the teams of the new League would play under the rules of the National Base Ball Association, and would be recognized as members of the "Class D" League.

A salary limit for players was taken up and discussed at the conference, but will not be announced for several days. The teams in the League will not play every afternoon, but each team will be scheduled for two games a week, one at home and one on the road. The fans are practically assured of a good contest every Sunday, according to the managers of the teams.

George D. Speakes, of Paris, who presided over the meeting, made the announcement that Winchester, Frankfort, Harrodsburg and Mt. Sterling would more than likely be represented by teams in the new circuit. Those present were: S. J. Amato and J. L. Morton, Lexington; Oliver Mann, Baldwin Woods, B. F. Goodman, George D. Speakes and Ullman Lancaster, Paris; R. E. Maupin, F. C. Gentry, W. R. Millard, Richmond; J. M. Reese, J. S. Linehan, E. N. McIlvaine, Cynthiana. Other representatives who had expected to attend the meeting were unavoidably delayed, and were unable to be present, but sent the assurance that they were "with the bunch" in spirit, and would sanction any good move that would tend to bring baseball to its own.

A conference of interested club managers was held last night at the Brown-Proctoria Hotel, in Winchester, when questions regarding the player limit of clubs, the division of gate receipts, and other important matters were taken up.

The League games, according to a tentative agreement reached at the Paris meeting, will be played on Thursdays and Sundays. A committee composed of Maupin, Lenihan and Morton was appointed to arrange a schedule of games.

BOURBON POST AMERICAN LEGION

Exception to the W. C. T. U.'s plagiarizing of the world war service star flag to designate places where liquor is "prohibited" is taken by an American Legion post composed of newspaper writers in San Francisco. The journalists term such usage as "an insult" to those for whom the star stood.

Judging from attendance and enthusiasm, the meeting of the Legion 1st Friday night was a decided success. The question of a club room was definitely settled and alterations and repairs will be started at once in the room over the Farm Bureau. Over two hundred dollars was subscribed to carry on this work and the Bourbon Post expects to occupy its own quarters.

Eighteen new members joined with this Post and delinquent dues were reduced by a considerable amount.

Plans for an old fashioned home talent minstrel were launched successfully with the assistance of Miss Irene Bramblett, a member of the faculty of the Paris High School. In connection with this minstrel, members are advised to brush up on their "stunts" because you will be called on to lend a hand.

The mock trial of Historian Harris resulted in such a tangled legal affair that it was necessary to refer it to higher court for a verdict.

Questions submitted to membership by the State Executive Committee:

1. Do you favor asking the General Assembly of Kentucky to provide for the payment of a cash bonus to able bodied ex-service persons—Yes, 30; No, 21.
2. Do you favor Federal Legislation providing a bonus—Yes, 43; No, 7.
3. Do you favor restricting benefits of legislation to disabled men—Yes, 13; No, 35.

We, the undersigned having heard numerous reports and having read articles appearing in the Lexington Leader and Lexington Herald, regarding the dance given at the Masonic Temple in Paris, Ky., on Friday evening, Feb. 3, 1922, feel that it is our duty, in all due respect and righteousness to the committee in charge and to those present, to repudiate and contradict the erroneous reports now in circulation.

As to the occurrence on the streets during the dance, at intermission or afterwards, we are not aware and have no statement to make, our purpose being merely to exonerate the Committee in charge and all others present as to the conduct on the ball room floor.

"Ah! I saw the princess slip!"

As she stumbled on the stairs.
"Fresh old thing, don't you get flip!"
Quoth the teacher to the preacher,
"What you saw was teddy bears."

There is a disposition in this day and generation to spend money and energy in memory of dead heroes and causes, and pass over the sad-eyed individual hungry and cold, half-clad and starving. Hero worship is all right, but living, suffering humanity should not be pushed aside in the scramble.

A Paris man who has his face turned toward the future, after listening to an argument on "Evolution" in a local restaurant the other night, remarked that it did not concern him very much as to where his ancestors came from, but what bothered him most was where he was going to land when he tucked his toes under the daisies.

State Senator Brock has yet another bill requiring newspapers to publish any epistle a public official may choose to address to it in reply to editorial criticism of his public acts. The bill should include a provision that the author of the epistle shall pay space and libel costs for his effusion. And then it should end with the provision that the epistle should pay some heed to the rules of grammar and orthography. And then — it should be killed.

God created men and women and left the loafers on the street corners, and in due time they multiplied and spread into the stores, the pool rooms, the waiting stations, the restaurants, the postoffice lobby, and all the other public places of the city, where they are spending their time trying to convince the people that they alone are capable of solving the problem of evolution, city, county, State and National affairs, and many others that have vexed the minds of many men of the past.

FELT LIKE HER NERVES WOULD SNAP IN TWO

Ashland Woman Was On Verge of a Complete Breakdown When She Began Taking Tanlac

Eight Years of Dyspepsia Overcome And She Has Never Felt Better In Her Life Declares Mrs. Craig

"I like to talk about Tanlac. It has helped me and I know it will help others," said Mrs. Beulah Craig, Apt. 3, 111 Fifteenth Street, Ashland, Ky.

"I had a bad form of stomach trouble for eight years and had almost given up hope of getting relief. My liver was sluggish, too, and I had awful nervous attacks and felt that my nerves would snap in two. I was on the verge of a breakdown when I began taking Tanlac, but in a short time it had me feeling like a different person."

"I can never remember when I was in better health than I am right now, nor could I ask to feel any better than I do now."

Tanlac is sold in Paris at Roche's Drug Store, and all leading drug stores.

BRYAN TO "GRACE" FLORIDA AS HIS HOME

It will be news to many politicians to learn that William Jennings Bryan has taken up his permanent residence with the alligators in the Everglades of Florida. All big-mouth fellows seek companionship. In this change Nebraska is benefited. The South has gained an unenviable reputation in Tom Watson, and now Billy has joined the ranks. Bryan has been drawing a big salary for making speeches in Kentucky to disprove the theory that a man did not originate from the monkey, but he has found this a bigger job than pushing 16 to 1 back in 1895. Bryan is a whole like the old backwoods teacher who said he would teach that the old world was round or flat for the money offered.

MAY PROVE FATAL

When Will Paris People Learn the Importance of It?

Backache is only a simple thing at first;

But if you find 'tis from the kidneys; That serious kidney troubles may follow;

That dropsey or Bright's disease may be the fatal end;

You may be glad to know the following experience.

'Tis the statement of a Paris citizen.

Mrs. A. T. Alexander, 720 Vine street, says: "A few years ago I had an attack of kidney trouble and for a time I was unable to do my housework because of the severe pains across the center of my back. My feet and ankles would swell so badly that I would have to wear large bedroom slippers. I had pains in the top and through the back of my head, too. As soon as I began using Doan's Kidney Pills I got relief and I am pleased to recommend them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Alexander had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

OH, WHAT A BLOW TO THE LISTENERS!

The "superphone," an apparently simple attachment for telephones which is said to assure absolute secrecy of communication and security from interruptions and make possible multiplex telephony, was demonstrated in the office of the chief signal officer of the army at Washington. It was shown that one telephone line to which "superphones" were attached could be used for a number of conversations simultaneously and that no pair of speakers could hear or interrupt another pair.

The invention, Signal Corps officials pointed out, obviously was of great value for military purposes in case of war, because of its assurance of secret communication. It would be of hardly less value they said, to business men, bankers and others to whom it was desirable to have complete and assured privacy in confidential channels of communication.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

FALSE FIRE ALARM

The fire department was called Saturday night by an alarm from Box 33 but on responding found no fire to fight. A search was made in the vicinity and residents were quizzed, but nothing developed.

This matter of sending in false fire alarms is getting to be a very provoking one for the firemen, as they are compelled to respond to the call, and in so doing take as much risk as if they were going to a fire. And, on the other hand, while they are responding to what proves to be a false alarm, there is the possibility of a call coming to fight a real fire, in which case they would be handicapped by being at another place in the city.

The law provides a fine of \$75 for conviction of anyone guilty of sending in a false alarm. The law is all right, but the trouble seems to be, "catch the rabbit first."

SAYS GIRLS FORGET STUDIES FOR DANCES

The girl pupils of the Madisonville High School are not getting satisfactory results from their studies and dancing is the chief cause, says Prof. Clarence Clark, Principal.

He addressed a general letter to parents asking co-operation in putting an end to a "dance craze" to which the girls have fallen victim during the winter.

As a result a widely advertised dance at which Ruth Stonehouse, movie actress, was to have been guest of honor, was called off, when only two girls had appeared at the hall. Professor Clark especially condemned unchaperoned dancing in hotels and he does not look with favor on tea dances in private homes.

INGROWN TOE NAIL TURNS OUT ITSELF

A noted authority says that a few drops of "Outgrow" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost overnight. "Outgrow" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions. (T-tf)

THE GREATEST FACTS AND THE GREATEST PROBLEMS

A minister friend the other day stated an old truth in a new way. He said: "The greatest fact that we know anything about is God. The next greatest fact is Man. God and Man are facts; they cannot be denied. And the relation of God to Man is the greatest problem that faces the human race to-day."

This is a very simple creed and yet a very big one. It is so simple that all of us—Jews and Gentiles, Catholics and Protestants alike—may unite upon it. And it is so big that it will require the best efforts of any of us to comprehend.

We have different viewpoints; we do not all see things alike. The things which may seem important to another to one may seem trivial to another. But all of us realize certain fundamental facts and know certain fundamental truths.

The man who believes in God—and the man who says he does not believe in God tells an untruth—must settle his account with his God in his own way. No one else can settle it for him.

And the man who is honestly trying to square that account will have a great deal of love and sympathy for other men who are trying to do the same thing, even if their methods differ somewhat from his own.

HOUSE PASSES ANTI-TRADING STAMP BILL

The House of Representatives passed the Anti-trading Stamp Bill by a vote of 59 to 26 after a debate in which Representative C. D. McCaw, of Paducah, Harry Miller, of Lexington, and Mrs. Mary Elliott Flanery, of Catlettsburg, spoke for the measure and Representative D. A. O'Donovan, of Covington, opposed it.

"This bill is very much like the first bill we passed here," said Mr. McCaw. "That was to relieve the farmers of an intolerable condition. We are now asked to relieve the merchants of an equally intolerable condition. Trading stamps are a menace to merchandise, a (cootie), a barnacle on Kentucky trade and a leech on legitimate transactions. I introduced this bill the first bill-day of the session. There has been every opportunity for discussion of it in committee and at other places since that time."

Mr. O'Donovan's arguments were based on the fact that a merchant receives a cash discount on which he buys. "He takes this discount and buys trading stamps," he said. "He doesn't add a cent to the price of his goods."

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. (adv-T)

LAWYERS AN JUDGES

A new objection to feminine jurors has been voiced by a young woman lawyer of New Jersey, who lost a case before a mixed jury.

"The nine young women in the jury were essayed by the smiles and compliments of the handsome young lawyer on the other side," complained the lady. "My case was won until then."

Now, what shall we do? Shall we put jury duty for women to a sudden end, or shall all good looking men be refused admission to the bar? We shall do neither, if we are wise, as an exchange suggests.

Instead, we shall banish the idea that jury service is a matter of sex or influence. We shall insist that every jury decision be in accordance with the facts presented and not with the emotions aroused.

What is still more important, we shall stop the attempt of lawyers to influence juries by theatrical and misleading methods.

And we shall drive from the bar all that unsavory crew who debase a great profession by conniving at the evasion of law, and who use every trick, legitimate or illegitimate, to protect criminals known to be guilty.

DYE OLD CURTAINS SWEATER OR SKIRT IN DIAMOND DYES

"Diamond Dyes" add years of wear to worn, faded skirts, waists, coats, stockings, sweaters, coverings, hangings, draperies, everything. Every package contains directions so simple any woman can put new, rich, fadeless colors into her worn garments or draperies even if she never dyed before. Just buy Diamond Dyes—no other kind—then your material will come out right, because Diamond Dyes are guaranteed not to streak, spot, fade, or run. Tell your druggist whether the material you wish to dye is wool or whether it is linen, cotton or mixed goods. (adv)

And now they claim that prohibition is keeping prices up. It is—of booze.

What Babylon Handed Us. The new system of dividing the day into 24 hours, invented by the Babylonians, was adopted by the Greeks and since then it has been handed down from generation to generation without any alteration, because nobody has dared to change it. Even the French revolutionists, who introduced a large and elaborate series of innovations in the system of weights and measures, and went so far as to change the names and order of the days of the week, did not attempt to alter the day's division into 24 hours.

The surest way to retain an ardent admirer is not to marry him.

Just History

In '78
The Colonial Dame
Spun her cloth
By Candle flame.

In 1880
In Crinoline bright,
She greeted her guests
By Coal Oil light.

And later on,
How time does pass
Her home was lit
By flickering Gas.

But the girl of to-day
Who wants her home bright,
Just presses a button
And has Electric Light.

THE MIDWINTER DANCE

Light-hearted lads and lassies gathered at the Masonic Temple, in this city Friday night, to participate in the pleasures of the dance given by the committee composed of Messrs. Wilson Worick, Blair Varden and Robt. Lee Frank, Jr. From nine until three the dancers enjoyed the evening to the music rendered by the Kentucky Original Six. The young ladies were handsomely gowned, and the ball room presented a scene that reminded many of the old days in Paris society when "you and I were young." At the intermission refreshments were served the dancers and visitors. Many from out-of-town attended, and all voted the dance one of the most enjoyable that had been given in Paris for many years. The following is a partial list of those present:

FORGER SENTENCED

News was received here Saturday by Sheriff M. P. Collier to the effect that Zora Sosby, wanted in Paris on a forgery charge, had been sentenced to serve one year in the Ohio penitentiary at Columbus, on a charge of uttering a worthless check in Cincinnati. Sosby was arrested, tried, convicted and sentenced under the alias of Robert Soulesy, but a photograph sent Sheriff Collier by the Cincinnati authorities showed it to be Sosby.

Sosby was arrested here last fall on a charge of having forged the name of William Dale to a check which he had cashed by W. H. McCord, of Black's Cross Roads, and was under bond to appear before the grand jury at the March term of Bourbon Circuit Court. Sosby has been in trouble several times before, in Paris and in Lexington.
